Awesome Display

The excellent quality of the 6.4" Infinity-U display and the smooth 90 Hz refresh rate ensure a first-class multimedia experience. Whether you're gaming, watching movies, or simply surfing the web - you can enjoy all types of content in top quality.

Awesome Camera

Thanks to the quad main camera, you can take the best pictures and videos in every situation with your new Galaxy A33 5G. With optical image stabilization, the 48 MP main sensor camera allows you to get even sharper results. Shoot spectacular wide-angle photos with the ultra-wide camera (8 MP), take cool portraits with the depth-sensor camera (5 MP), or capture the smallest details in top quality with the macro camera (2 MP)! The 13 MP front camera is perfect for fantastic selfies.

Awesome Performance

Are you often on the move or do you consume a lot of multimedia content? Then you're in good hands with the long-lasting 5000 mAh battery. Perhaps you still need a quick recharge? No problem! With 25 W fast charging, your Galaxy A33 5G can be recharged in no time. The 128 GB memory and 6 GB RAM ensure top performance, even with demanding games. What's more, the Galaxy A33 5G is water- and dust-resistant (IP67).
