Performance C Series

XILENT BLADE WHITE

The XILENCE Performance C X5 case with its noble and high-quality workmanship is an optimal case at an attractive price-performance ratio. The Xilence Case offers numerous possibilities to set up the interior individually and without any problems.

Thanks to the RGB lighting on the front panel and the hardened glass-side panel, working is an exciting experience.

Highlights

- Tool-free Installation for HDD / ODD is possible
- A power supply shroud is installed at the bottom for better ventilation in the housing
- Suitable for 240mm water cooling on top and front 1x120mm water cooling at the back
- Graphics cards up to 335mm long and coolers up to 165mm high
- Materials in the housing ensure low-noise and low-vibration operation
- There is up to 15mm of space behind the mainboard for individually designed cable management
- Efficient, easily removable and cleanable dust filters on the top and rear
- 2xUSB 3.0 Ports at Top-Panel
- Possible to connect ARGB components to the control board of the case and controllable with the LED button on the top panel

Design

- Unique front panel design with RGB LED
- Snap-in front panel for an easy PC assembly
- Classy white housing with tempered glass on the window side for a classy look

Service

- Two-year manufacturer's guarantee
- Product development, Design and Quality control in Germany
